### Glossary
Introduction

Terms in this booklet which are in bold are defined terms, whose definitions can be found in the Glossary.

The Development & Enterprise Market (DEM) rules govern the admission to the DEM, the ongoing obligations of entities admitted on this market, the enforcement of those obligations and sanctions for contravention of the rules.

The DEM rules are designed to ensure that investors have and can maintain confidence in the market and in particular that:

- the issue and marketing of securities is conducted in a fair and orderly manner;

- potential investors and the public are given sufficient information to enable them to make a properly informed assessment of an applicant and of the securities for which admission is sought;

- once admission has been granted, there is sufficient disclosure of information to investors and the public to ensure that they are kept fully informed by DEM companies of all factors which might affect their interests and in particular that immediate disclosure is made on any information which may reasonably be expected to have a material effect on market activity in, and the prices of their securities;

- all holders of DEM securities are treated fairly and equally; and

- directors of a DEM company act in the interest of its shareholders as a whole.

The DEM rules apply equally to applicants incorporated overseas, so far as compliance is not contrary to the law in the country of its incorporation.

These rules shall supersede all previous rules of the SEM with regard to the operation of a second market, including provisions of the Règlement Général de la Bourse de Maurice.

Where a DEM company has concerns about the interpretation of these rules, it should consult the SEM's Listing Division. The responsibility for ensuring compliance with these rules lies with the DEM company.

The rules for trading DEM securities are set out in the “Stock Exchange (Conduct of Trading Operations) Rules 2001 and Schedule of Trading Procedures” as amended.

In complying with the disclosure requirements of these rules, a DEM company must ensure compliance with the requirements of the Securities Act 2005 and/or any Regulations and/or FSC Rules made under the Act.
The Development & Enterprise Market Rules

Entry requirements

1. Eligibility for the Development & Enterprise Market

1.1 An applicant must have:

   (i) published financial statements for at least 1 year, which must have been prepared according to IFRS and audited according to ISA without qualification;

   (ii) a minimum market capitalisation of MRU 20 million; and

   (iii) a minimum of 100 shareholders and 10% in public hands.

1.2 Admission may be granted to:

   (i) a class of securities where less than 10% of that class is in public hands or where the number of shareholders is less than 100 provided that the applicant undertakes to increase the shareholding in public hands to 10% and the number of shareholders to 100 not later than the end of the first year of admission failing which the company’s admission to the DEM may be cancelled; or

   (ii) an applicant even though such applicant has no proven track record, provided the applicant submits to the SEM a sound business plan, certified by an independent financial adviser acceptable to the SEM, covering at least 3 years and demonstrating clearly the sustained viability of the applicant. The applicant shall also disclose risk factors as specified under paragraph 4 of Schedule Two.

1.3 An applicant which is an investment company must comply with the requirements of these rules and with the additional requirements set out in Schedule Nine.

2. Application

2.1 The SEM will not, save in exceptional circumstances, admit securities until each of the application documents referred to in Schedule One have been lodged. Failure to comply may result in delayed consideration of the application by the SEM.

2.2 The applicant must lodge with the Listing Division of the SEM the initial application business documents at least 10 clear business days and the final application documents at least three business days prior to the date of the meeting to consider the application. The relevant documents are set out in Schedule One. An applicant must also supply any further documents and information, which the SEM may require in a particular case.

2.3 The SEM will not, save in exceptional circumstances, consider an application for admission of the securities of an applicant to the DEM for a period of 3 years following the coming into operation of the DEM, where the securities of such applicant are listed on the Official List of the SEM.

2.4 An applicant which has been withdrawn from the Official List of the SEM cannot, save in exceptional circumstances, submit an application for the admission of its securities to the DEM unless 3 years have elapsed from the date of its withdrawal from the Official List.
3. Admission document

3.1 An applicant must produce an admission document disclosing the information specified by Schedule Two.

3.2 An applicant shall submit a certified copy of its Board resolution authorising the making of the application for admission to the DEM and the signing of the undertaking as set out in Schedule Eight.

4. Omissions from admission documents

4.1 The SEM may authorise the omission of information from an admission document of an applicant where the applicant confirms that:

(i) the information is of minor importance only and not likely to influence assessment of the applicant's assets and liabilities, financial position, profits and losses and prospects; or

(ii) disclosure of that information would be seriously detrimental to the applicant and its omission would not be likely to mislead investors with regard to facts and circumstances necessary to form an informed assessment of the applicant's securities.

5. Formal notice

5.1 A formal notice complying with Schedule Three must be published in at least one widely read daily newspaper on the date of approval of the admission document.

5.2 The applicant must make sufficient copies of the admission document available to the public, free of charge at the registered office of the applicant or such other place as may be agreed by the SEM to satisfy public demand for a reasonable period (not being less than 14 days) from the date on which the formal notice is published.

6. Admission to the DEM

6.1 An applicant will be admitted to the DEM only when the SEM issues a dealing notice to that effect and when the decision of the SEM:

(i) has been communicated to the applicant; and

(ii) has been announced to the public by way of a press release by the SEM in at least one widely read daily newspaper.

7. Lock-ins for new businesses

Where an applicant has a trading record of less than 3 years, it must ensure that all related parties and applicable employees as at the date of admission agree not to dispose of any interest in its securities for one year from the admission of its securities.

8. Suitability for admission

8.1 The SEM may make the admission of an applicant subject to special conditions, impose additional conditions or waive certain conditions in particular circumstances. The FSC shall be informed of any waiver granted under these rules.

8.2 Where matters are brought to the attention of the SEM which could affect an applicant's appropriateness for the DEM, it may delay an admission. The SEM will inform the applicant accordingly.
8.3 The SEM may refuse an admission to the DEM if it considers that:
   (i) the applicant's situation is such that admission of the securities would be detrimental to the interests of investors; or
   (ii) the applicant does not or will not comply with any special condition which the SEM considers appropriate and of which the SEM has informed the applicant.

On-going requirements
Principles of disclosure
9. Notification of information
The information which is required by these rules must be notified to the SEM and published in at least one widely read daily newspaper by the DEM company no later than it is published in any other market.

10. Responsibility for notification
The Board of Directors or governing body of a DEM company must take reasonable care to ensure that any information it notifies to the SEM or publishes in the press under these rules is not misleading, false or deceptive and does not omit anything likely to affect the import of such information.

11. Disclosure of material changes
A DEM company must immediately notify the SEM and issue a press release in at least one widely read newspaper where a material change in its affairs occurs.

Disclosure of corporate transactions
12. Significant transactions
When a DEM company makes a significant transaction, it must immediately notify the SEM and issue a press release in at least one widely read newspaper disclosing the information specified by Schedule Five.

13.1 This rule applies to any related party transaction which exceeds 10% in any of the class tests (see Schedule Four).

   (i) the information specified by Schedule Five;
   (ii) the name of the related party concerned and the nature and extent of their interest in the transaction; and
   (iii) a statement that with the exception of any director who is involved in the transaction as a related party, its directors consider, that the terms of the transaction are fair and reasonable insofar as its shareholders are concerned.

(ii) result in a fundamental change in its business, board or voting control.

14.2 Any agreement which would effect a reverse take-over must be:

(i) conditional on the consent of the DEM company’s shareholders being given in the meeting of shareholders;
(ii) notified to the SEM without delay and published in at least one widely read daily newspaper disclosing the information specified by Schedule Five and insofar as it is with a related party, the additional information required by rule 13; and
(iii) accompanied by an admission document, in respect of the proposed enlarged entity which should be despatched together with the relevant notice convening the meeting of shareholders to each of the DEM company’s shareholders and made available to the public free of charge at the registered office of the DEM company or such other place as may be agreed by the SEM for a period of not less than 14 days prior to the date of the meeting of shareholders.

14.3 Where shareholder approval is given for the reverse take-over, trading in the DEM securities of the DEM company will be cancelled. If the enlarged entity seeks admission, it must follow the application process in the same manner as any other applicant applying for admission of its securities for the first time.

15. Aggregation of transactions

Transactions completed during the twelve months prior to the date of the latest transaction must be aggregated with that transaction for the purpose of determining whether rules 12, 13 and/or 14 apply where:

(i) they are entered into by the DEM company with the same person or persons or their families;
(ii) they involve the acquisition or disposal of securities or an interest in one particular business; or
(iii) together they lead to a principal involvement in any business activity or activities which did not previously form part of the DEM company’s principal activities.

16. Cash companies

A DEM company which becomes a cash company will be suspended and will be given a period of six months from the date of its suspension in which to take the necessary steps to cease to be a cash company.
